It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only tremendously expensive, but it involves separation from home and friends. Some are benefited but none can safely return. Eckman Alterative is effective-no leaving home necessary. For example:—231 S. Atiantic Ave., Haddonfield. N. J. Gentlemen: "In the Fall of 1965, contracted a very severe cold which settled on my lungs. At last I began to raise sputum and my physician then tolome I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home an commenced taking it the last week 1 October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 2 pounds, fully restored to health. It is now five years since my cure has been effected and I cannot praise Eckman's Alterative too highly. I have recommended it with excellent results."

BIG LAND TRANSFER.

That Made in Bennington County One of the Largest in Years.

Bennington, Dec. 1 .- One of the largest real estate sales made here in som years was completed yesterday after noon, when the final writings were passed in the transfer of what has in recent years been known as the Holden farm to Edward H. Everett, a wealthy glass manufacturer of Newark, O.

The farm, which comprises about 500 acres, is one of the finest pieces of property in this section. About 200 acres have been under cultivation for years. The remaining two-fifths is timber land, located on the eastern slope of Mt. An-

The farm was originally brought to gether by purchase in sections from pre vious owners by the late John W. Gris wold, who made many improvements and brought the land to a high state of cul tivation. When the estate of Mr. Grisdeep that I cannot fathom, heart so sad wold was settled, the farm was pur-I cannot gladden; my predictions and chased by the late John H. Putnam, the large real estate owner in Bennington, and now residing at San Diego, Calif. It is stated that a resilence will be built on the farm and that the new owner may convert a portion of the land into fruit orchards.

> Tribute to a Vermonter. The death of former chief and fire

ommissioner William A. Green at the ripe age of eighty-seven recalls to those whose memories run back for a genera-tion one of the most active, best-known and most highly respected figures in the public service of Boston. He came of good old Yankee stock, Vermont being his birthplace, but he came to Boston to seek his fortune when a mere boy. He was one of the best chiefs of the fire department that the city ever had, alert, courageous and capable, and the only one of the active force ever appointed upon the commission. He was thoroughly genuine. His likes and dislikes very those of a strong character, and he made no concealment of either Though forty years in the fire service much of that time was before the days of permanency, and he conducted business at Lincoln's wharf, where by thrift and shrewd investments he acquired a very comfortable competency, upon which he retired more than twenty years ago. There may be one or two left who held commands during the great fire of 1872, but none of his age or past prominence. He gave his city a more valuable service than even citizens of the time of his greatest activity realzed. Beston Transcript.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and It's Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily baid. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpi-cide, the new scalp antiseptic. Herpigide destroys the germ that cuts the hair Fruit and Ice Cream Store for Sale off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair.
